

God as Reason: Essays in Philosophical Theology (Paperback)

Filesize: 1.13 MB

Reviews

This book is great. I have go through and so i am confident that i will going to read through once again again in the future. I am just easily can get a satisfaction of looking at a written book.

(Miss Vernie Schimmel)

GOD AS REASON: ESSAYS IN PHILOSOPHICAL THEOLOGY (PAPERBACK)

University of Notre Dame Press, United States, 2013. Paperback. Book Condition: New. 228 x 155 mm. Language: English . Brand New Book. In *God as Reason: Essays in Philosophical Theology*, Vittorio Hosle presents a systematic exploration of the relation between theology and philosophy. In examining the problems and historical precursors of rational theology, he calls on philosophy, theology, history of science, and the history of ideas to find an interpretation of Christianity that is compatible with a genuine commitment to reason. The essays in the first part of *God as Reason* deal with issues of philosophical theology. Hosle sketches the challenges that a rationalist theology must face and discusses some of the central ones, such as the possibility of a teleological interpretation of nature after Darwin, the theodicy issue, freedom versus determinism, the mind-body problem, and the relation in general between religion, theology, and philosophy. In the essays of the second part, Hosle studies the historical development of philosophical approaches to the Bible, the continuity between the New Testament concept of pneuma and the concept of Geist (spirit) in German idealism, and the rationalist theologies of Anselm, Abelard, Lull, and Nicholas of Cusa, whose innovative philosophy of mathematics is the topic of one of the chapters. The book concludes with a thorough evaluation of Charles Taylor's theory of secularization. *God as Reason* makes a powerful contribution to the task of the philosophical assessment of religion and theology, and indeed to the task of arriving at a philosophically defensible account of God. Vittorio Hosle here addresses key questions concerning teleology in nature, theodicy, freedom and determinism, and the mind-body problem in essays of exemplary clarity and economy of expression that are equally informed by the full breadth of the philosophical tradition of the West and by the most important contemporary developments...
