Monica Hughes Award for Science Fiction and Fantasy winner, 2012 What if the world wasn't like what you were taught to believe? Would you want to know? Are the consequences of challenging authority worth it if they lead to the truth? Katherine lives in a post-apocalyptic community living in complete isolation. Her town is austere, run by utopians who have created a strict paternalistic order. Knowledge and the search for truth are not permitted. Katherine wants to find out what happened to Serenity, a little girl who has disappeared from the community, but when she breaks out, what she discovers is anything but what she expected. This haunting story about growing up and searching for truth will challenge young readers' notions about knowledge, the search for truth, and the fight for freedom.
