But no one has, so far as I am aware, attempted to trace a chronic spondylitis to a definite, acute, non-traumatic origin. In every sense this disease may be considered a typically chronic one, from its very inception to its ultimate result. Indeed, the disease is so typically chronic, that it is always a difficult matter to decide in each case, as it presents for examination, at just what time the lesion began: nor is it always clear, especially in the latter stages of the chronic lesions of the spine, hip or knee, as to just what tissue was originally attacked. If we question intelligent and observing persons who have...
