By Grant Allen

Apress. Paperback. Book Condition: new. BRAND NEW, Beginning Android (5th ed. 2015), Grant Allen, Beginning Android, Fifth Edition is your first step on the path to creating marketable apps for the burgeoning Android Market in Google Play, Amazon's Android Appstore, and more. This edition is a complete rewrite, and is fresh with details on the latest iteration of the Android 5 and earlier versions of platform. Google's Android operating-system has taken the industry by storm, going from its humble beginnings as a smartphone operating system to its current status as a platform for apps that run across a gamut of devices from phones to tablets to netbooks to televisions, and the list is sure to grow. Smart developers are not sitting idly by in the stands, but are jumping into the game of creating innovative and salable applications for this fast-growing, mobile- and consumer-device platform. If you're not in the game yet, now is your chance! Begin at the beginning by installing the tools and compiling a skeleton app. Move through creating layouts, employing widgets, taking user input, and giving back results. Soon you'll be creating innovative applications involving multi-touch, multi-tasking, location-based feature sets using GPS. You'll be drawing data...
