By Paul Butcher

Pragmatic Bookshelf. Paperback. Book Condition: New. Paperback. 232 pages. Dimensions: 8.9in. x 7.4in. x 0.9in.Some developers thrash around aimlessly looking for a bug without concrete results. Others have the knack of unerringly zeroing in on the root cause of a bug. Are they geniuses Just lucky No, theyve learned the secrets of professional debugging. This book will equip you with the tools, techniques and approaches-proven in the crucible of professional software development-to ensure that you can tackle any bug with confidence. Youll learn how to handle every stage of the bug life-cycle, from constructing software that makes debugging easy, through detection, reproduction, diagnosis and rolling out your eventual fix. If you develop software, sooner or later youre going to discover that it doesnt always behave as you intended. Working out why its misbehaving can be hard. Sometimes very hard. Debug It! is here to help!All bugs are different: there is no silver bullet. Youve got to rely upon your intellect, intuition, detective skills and yes, even a little luck. But that doesnt mean that youre completely on your own-there is much you can learn from those who have gone before. This book distills decades of hard-won experience gained in the...
